Welcome Home to our Jamaicans, family and friends of this blessed country Jamaica.

- As you seek to forget the pandemic that has held us hostage for the past 2 years- let us show you how.
- As you seek to forget the cold weather- where better than this land of sunshine.
- As you recount times past in Jamaica- let us help you to re-connect.
- As Jamaica celebrates its 60th Anniversary as a nation, come join with us, to remember & reflect on how far we have come.
- For those who were not aware or who have forgotten that Jamaica:
 - Is a small island in the Caribbean Sea, first colonized by Spain and England, before we gained independence in 1962.
 - Persons from several nations have been coming to settle in Jamaica since the arrival of the Europeans, who also brought in the Africans. These people brought with them their cultures to produce a **grand mixture and mix-up** to produce Jamaica- hence **“Out of Many One People”** is our motto.
- We have always shared our talents with the world: Marcus Garvey, Mary Seacole, Bob Marley, Usain Bolt, Shelly-Ann Fraser-Pryce, to name a few.
- Do you know or remember the music & dance, rocking beats, the food-cooked as only a Jamaican can, the country (rural towns), the mountains, valleys, beaches, flowers, and animals?
- To assist you we have put some packages to assist you when you get here. If there are other options you are interested in and not seen, please give us a call and we will assist you.
- PLEASE ACQUINT YOURSELF WITH THE COVID PROTOCOLS AT TIME OF TRAVEL, THE RESTRICTIONS ARE EASING.

Soup Kitchen Feeding & Elderly Life Experience Preservation

The Covid-19 pandemic has made many Elderly lonesome and isolated. Because of this, we have partnered with many local churches to help with their Soup Kitchen and Feeding program.

To make these Soup Kitchen feeding programs more exciting, we are partnering with volunteers to make the Elderly smile, have joy and new experiences.

Project Includes

Meaningful Service

Assisting with the preparation of soup or helping to feed the elderly who need assistance

Creating storybooks of memories and experiences of the elderly

Bring Food Package "Gift Packages" (see below)

Jamaica Volunteer Programme (cont)

Cultural Immersion:

Live in the local community of Smokey Vale St. Andrew. Sample authentic Jamaican food as you eat just like a local. Learn to talk like a Jamaican speaking the local dialect “Patois”

Excursions

Jamaica is the land of wood & water. There is so much to do and see on weekends

Here are just a few:

Enjoy the world-famous beaches

Church: Go to church and see how Jamaicans worship.

Fort Clarence Beach: Visit the popular Fort Clarence beach.

Charles Town Maroon Tour- Immerse in the life of the ancestors of a runaway slave, the Maroons.

Here's How it Works:

1. Assist with the preparation of soup or help feed the elderly who need assistance.
2. After having their soup, volunteers will meet with these elderly community members and ask them to participate in a project to record and create a book with their memories and life experiences
3. These participants will be placed in small groups and the volunteers will interview them and record the answers on pre-prepared forms
4. These forms will have questions about their life experiences and a place will be available to write the information
5. Next, volunteers will allow the participants to share their stories and experiences aloud. These will be recorded with smartphones or other devices. (see below)

Jamaica Volunteer Programme (cont)

6. Volunteers will use this information to create a simple book made with paper. A photo of the participant will be placed on the front.
7. The book will be given to the participants with his/her life story. This book will be left as part of their legacy so their family members can know and understand the journey and life story of this loved one.

Elderly Participants who are not a part of the Soup Kitchen:

1. On the days when there are No Soup Kitchen feedings, volunteers will visit the homes of the elderly
2. Participants will take gifts of food care packages
3. These elderly community members will be allowed to sit outdoors and meet with volunteers to complete the forms to record their memories and life stories
4. Next, volunteers will allow the participants to share their stories and experiences aloud. These will be recorded with smartphones or other devices
5. Volunteers will use this information to create a simple book made with paper. A photo of the participant will be placed on the front.
6. The book will be given to the participants with his/her life story. This book will be left as part of their legacy for family members and ancestors.

Other Activities:

Meet family members and learn about their lives
Play games and do other fun activities and make a difference
